

**FREE MRI
Review**

Neck, Back and Better Than Ever

The Spine Center at Florida Hospital Altamonte offers a comprehensive program led by one of the country's premier spine experts. Chetan Patel, MD, utilizes the latest in research, technology and treatments for the care of your spine — from non-surgical techniques to minimally invasive and non-traumatic spine surgery through an incision the size of a freckle. **If you've had a neck or back MRI performed within the last twelve months, contact the Spine Center to receive a FREE phone review to discuss the options available to you.**

Get back, get better.
