

# ORLANDO HEALTH

## South Seminole Hospital, Longwood

Orlando Health South Seminole Hospital is part of Orlando Health, a \$3.8 billion not-for-profit healthcare system with 15 wholly-owned hospitals, an extensive physician practice network, and multiple care centers throughout Central Florida. The 206-bed acute-care hospital is located on State Road 434 in Longwood and serves more than 45,000 patients each year through both its inpatient and outpatient facilities, and the 36-bed emergency department sees more than 30,000 patients annually.

Orlando Health South Seminole recently opened two new catheterization labs, which feature all-new, state-of-the-art equipment offering the latest in technology, including enhancements in X-ray image quality with less radiation exposure for patients and staff during catheterization procedures. These labs further enhance the cardiology and vascular programs at Orlando Health South Seminole so that Seminole County residents can receive the best care close to home.

Orlando Health South Seminole features an outpatient rehabilitation clinic, which provides enhanced treatment options and greater patient comfort. This facility, located next to the hospital, offers sports medicine therapies that serve everyone from professional players to weekend athletes.

The hospital also serves as one of Orlando Health's three air-care team helicopter bases, allowing for direct transport of critically ill or injured patients to the region's only level one trauma center at Orlando Health's Orlando Regional Medical Center, where patients can receive the highest level of emergency care available.

Other services at South Seminole Hospital include the following:

- 24-hour emergency care, with a dedicated area for minor emergencies
- Advanced diagnostics
- Cancer services (located in Lake Mary)
- Endoscopy
- Fluoroscopy
- Laboratory and pathology

- Orthopedics and sports medicine
- Outpatient care, including same-day surgery
- Pulmonary critical care
- Radiology and diagnostic imaging
- Rehabilitation and physical medicine
- Spiritual care
- Urology
- Women's services
- Wound care and hyperbaric medicine.

Orlando Health South Seminole recently opened an emergency room and medical pavilion on the corner of Rinehart Road and Manderley Run in Lake Mary. The new ER includes 24 patient beds, a lab, an imaging department, ambulance bays, and a helipad, and is staffed by physicians board-certified in emergency medicine and an expertly trained clinical team. The medical office building features physician practices specializing in orthopedics, cardiology, vascular surgery, pediatrics and more, as well as a variety of healthcare services, such as an ambulatory surgical center, outpatient imaging and lab services, and a retail pharmacy. Long-term plans for the site include an acute-care hospital and additional medical office space.

# SAFE AND AWARD-WINNING

## HEALTHCARE IN SEMINOLE COUNTY

Nothing is more important to AdventHealth than you.

That's why Seminole County's most comprehensive health network is employing enhanced safety measures to ensure that you and your loved ones can feel confident, protected, and safe when visiting any AdventHealth facility. Whether you need to visit an AdventHealth hospital, Centra Care, physician office, diagnostic imaging center, sports medicine and rehab, or any other part of the AdventHealth Care Network, there's no reason to put it off. In fact, it's more important than ever to take care of your health, whether through a routine, well-person doctor's visit or by getting help for a specific issue.

### TOP-RATED CARE YOU CAN TRUST

It's good to know that leading-edge healthcare is available close to home in Seminole County. As a reflection of AdventHealth's high standards of safety and quality, AdventHealth Orlando has been recognized as the #1 Hospital in Greater Orlando by U.S. News & World Report.

### EXPANDED SERVICES TO MEET YOUR NEEDS

AdventHealth continues to expand its services across Seminole County in order to make world-class healthcare more easily accessible, convenient, and affordable for you. AdventHealth Altamonte Springs, a part of AdventHealth Orlando, now offers a full suite of hospital services including:

# HCA HEALTHCARE SEMINOLE COUNTY

Central Florida Regional Hospital in Sanford and Oviedo Medical Center in Oviedo, both HCA Healthcare North Florida Division – Orlando Market affiliates, provide a full range of healthcare services to Seminole County and surrounding communities. These services include 24/7 comprehensive emergency care, orthopedic and spine care, robotic surgery, cardiac care, imaging services, a Birthing Center, and a Trauma Center.

As a part of HCA Healthcare, one of the nation's leading providers of healthcare services, both hospitals are connected to a network of 180 hospitals and 2,000 sites of care in 21 states and the United Kingdom.

## Central Florida Regional Hospital

Central Florida Regional Hospital, a 221-bed acute care hospital and Trauma Center, serves residents of Seminole County, west Volusia County, and beyond. The Trauma Center provides life-saving care to critically injured patients from a five-county area.

The only full-service cardiovascular program in Seminole and west Volusia

counties, Central Florida Regional Hospital offers open-heart surgery, interventional cardiology, structural heart, electrophysiology, cardiac rehabilitation, and comprehensive diagnostic services.

The Rehabilitation Center at Central Florida Regional Hospital provides acute inpatient medical rehabilitation for patients with complex conditions such as stroke, spinal cord injury, amputations, or brain injury.

In addition to emergency services provided at its main campus in Sanford, Heathrow ER, a freestanding emergency department on International Parkway, has a board-certified emergency physician, emergency nurses, and clinical support staff onsite 24/7, as well as outpatient laboratory services and diagnostic imaging, including CT scan, ultrasound, and x-ray.
